Stephanie,
 you are a
 great friend. I
 wish you weren't going
 to move. You better not
 in this summer when I'm not
 in drill practice. Maybe we can go to
 the beach or up to the mountains. I wish
 you could still be goin' to Bayfair next year so
 we could terrorize everyone (HA!) Have fun at Redondo
 High. It is a nice place to go to school (But not to live!)
 your friend always,

Volume XIX

Mayfair High School

Lakewood, California

below: An auto shop student sabotages Mr. Davis' Car by packing 100 pounds of dry ice in and around the engine.
 right: What is Karen Freudenberg so interested in?
 bottom: Here's the Varsity Volleyball team in one of the most important practice sessions.
 opposite left Kirk Kling hides his devilish smirk as the photographer catches him off guard.
 opposite right: Either Todd Retting is hamming it up for the camera, or someone spiked his coke...

preceding page:

top left: Tears of happiness stream down the face of Dottie Hopkins as Senior Class President Anita Esquivel crowns her a Homecoming princess.

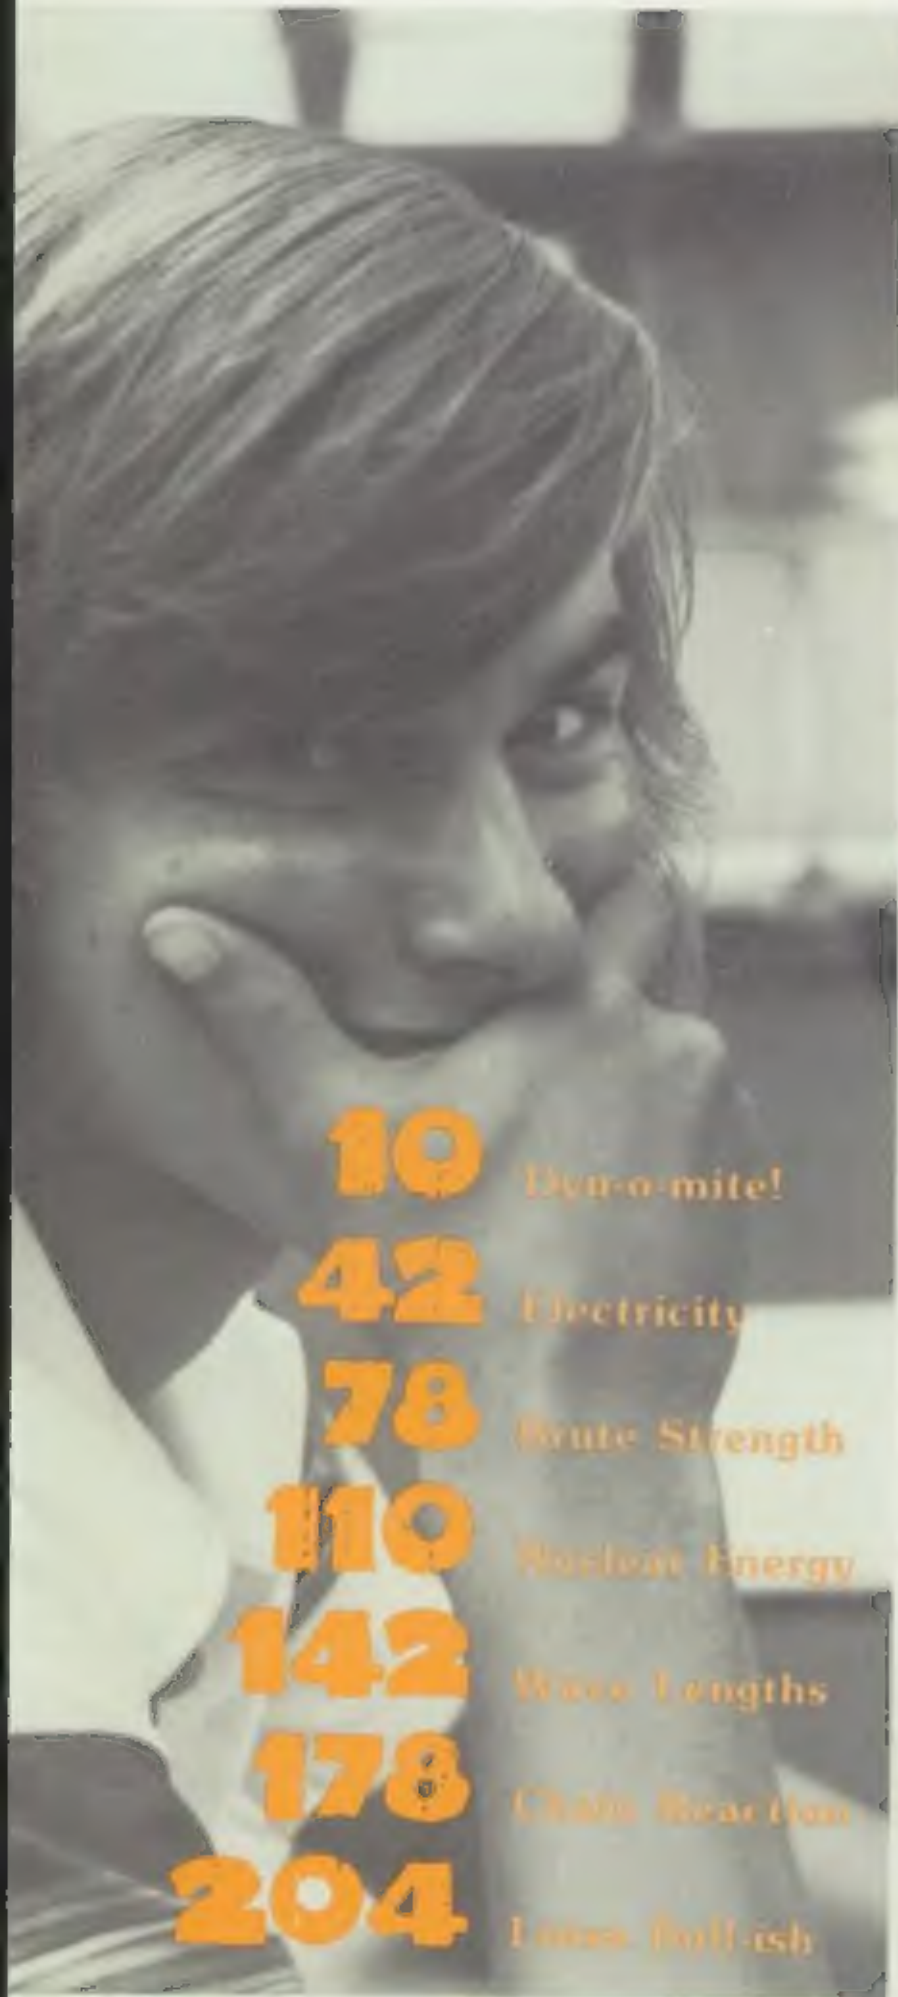

top right: Princess Dawn Nelson with her father during the Homecoming Parade.

bottom left: ASB President Virginia Ferreira ponders over a difficult problem during this cabinet meeting.

bottom right: Seniors Dawn Nelson, Nancy Larsen and Jill Wulski as they paint signs for use of the Varsity football games... too bad the words are "spelt" wrong.

ENERGY . . .

It's EVERYWHERE!

You can see it, feel it, hear it, and even taste it wherever you go.

Its omnipresence is often taken for granted. Energy can be found

in the sun's heat on a warm day,
in the roar of the engine of a 747,
in the sleekness of a Porsche,
in a head-on collision between two
football players,

and in the cheers of the crowd at a
rock concert.

Energy is in the food we eat, the music
we listen to and in the TV programs we
watch.

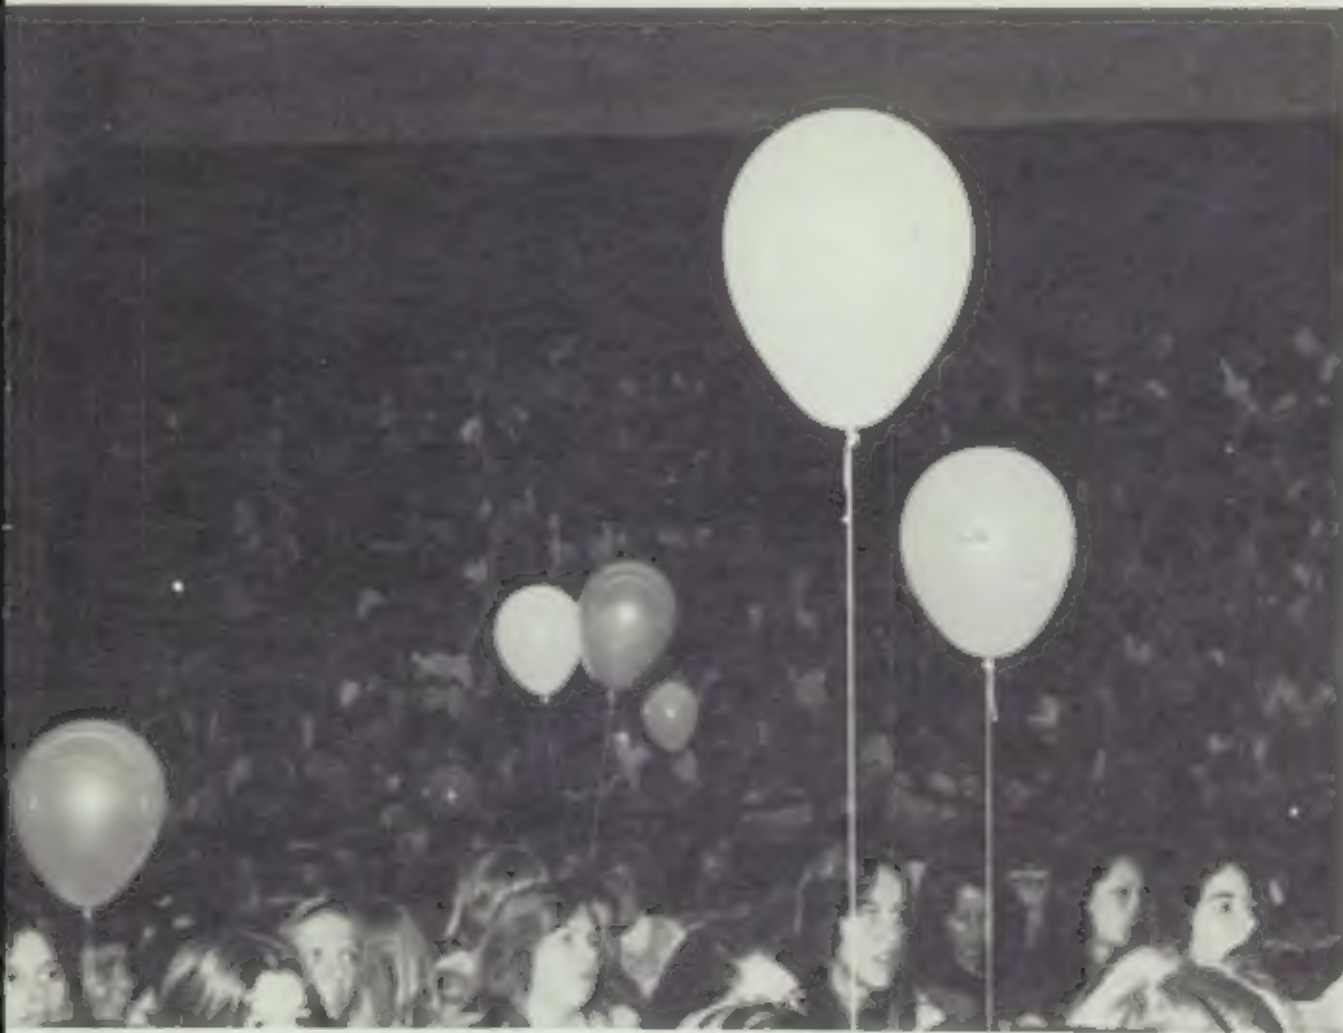

Stephanie,

Thanks for being such a good friend
this year! and next year I hope
we're friends too! you're such a nice
pineapple (just kidding) I'm glad we
had Soc. Stud. together and I hope
your knee feels better and heals real
quick! Love ~~Kathy~~ Lee!!!

Energy can be as harmless as laughter, as destruc-
tive as a holocaust, or as life saving as the electricity
used in a pacemaker to keep a person alive.

Forms of energy can range from minute nuclear
particles used for disease detecting X-rays to com-
plete nuclear destruction; from colorful Indepen-
dence Day fireworks to 5 megaton TNT; and from
waterfalls used to generate electricity to huge, vil-
lage-destroying, flash floods.

top: Along with school spirit, a practical form of energy was present at this year's Homecoming assembly. Helium-filled balloons filled the gym.

above: Janet Guest laughs her head off in the Career Guidance Center.

left: "and they all fall down" is what's happening as the seniors in the Drill Team try to make a human pyramid.

opposite left: Evie gets creamed by Kevin Traficanto at the whipped cream auction.

opposite right: Assistant Drum Major John Ritch struts along side the Band in the Homecoming Parade.

In spite of its many dangers, energy is essential to the well being of all. And in this day and age of energy conservation, it will become our duty to make sure that energy does not run out...because if energy ceases, life ceases.

**With all seriousness,
the 1979 Tradewinds is
fondly dedicated to**

Mr. Norman Silly

(I mean, Salee!)

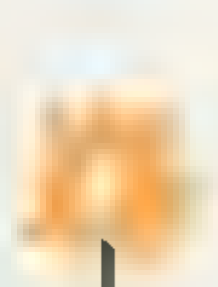

The 1979 *Tradewinds* is fondly dedicated to Mr. Norm Salee, noted by his students for teaching in a cheerful, humorous manner. It is a person of dynamic personality who can make the addition of knowledge a pleasure for all.

Mr. Salee was born in Los Angeles in 1936. He began his teaching career at Mayfair High School in 1966 after having completed four years of teaching for the Santa Monica Unified School District. Majoring in Physical Education at UCLA with a dual minor in Health/Life/Science, Mr. Salee has used his education in a variety of courses at MHS. Health, Science and athletic coaching are just a sampling of his past teaching credits. More recently, however, Mr. Salee has been involved in the ever-expanding Drivers Education program.

Mr. Salee maintains an active home life with his charming wife, Evie and his two children, Amy and Scott, claiming one additional family member, "Houdini," the pet gopher snake which escapes.

For your outstanding contributions to the past and present students of Mayfair High School, we, the students of MHS, thank you, Mr. Salee.

Windjammer makes headlines

... more energy is expended in nonsense and imaginative excuses than in investigative reporting and in-depth studies of current issues. Whoever said production of a paper can't be fun? Seriously, a few interested, capable reporters and editors produce a regular tabloid-size newspaper for the education and interest of the student body. Want to see your name in print? Just do something newsworthy.

Epidemic strikes one-fourth of MHS population

A serious disease has again struck MHS campus. This disease has stricken the MHS campus for two decades, ever since the construction of Mayfair High in 1959. Every year it attacks a different group of MHS students, but surprisingly, always in the same percentage 25%

Its symptoms are obvious to all but the sick. Its after effects can be disastrous. This disease has appropriately been named senioritis

Some students are more susceptible to senioritis than others; some get it as early as the last day of school in their junior year, and some are so immune to it that they never catch it

Symptoms include ditching, daydreaming or sleeping in class, skipping assignments, and nervous twitching. Now this may apply to many Mayfair students, but in order for it to be officially be senioritis, the stricken person must be in the twelfth grade

Only one cure for senioritis is known to mankind. It is a sacred piece of paper known medically as a diploma

From beautiful to bizarre, from tasteful to tacky ... all of these were present at this year's senior portrait sessions

At first glance any unknowing spectator would have noticed our girls wearing beautiful dresses or cowlneck sweaters with fastidiously styled hair-dos, while the guys wore ties and tailor made jackets with their hair combed to perfection. Any parent would have been very proud to see their son or daughter attend such a school ... but, unfortunately, these appearances were deceiving

Second glimpses at these so called well-dressed, young adults uncovered imperfections, especially from the waist down. Tuxedo jackets with cut-offs, suits and sneakers, bow ties and jeans, and dresses with thongs were just a few examples of the seniors' well-developed tastes in clothing

True, there were people who did look nice from head to toe, but they were not in the majority

Maybe if this trend catches on, then accessories can probably come to include hats with a built in arrow going through, rubber chicken purses, and designer cat handcuffs by Steve Martin

Dedicated students win awards

The 1978-79 Principals Award, given annually to a senior or seniors for outstanding service to the school, has been presented to two outstanding individuals, **Virginia Ferreira and Keith Ryono**.

Virginia, always energetic, has been active in student government in each of her years at Mayfair, holding the positions of freshman treasurer, sophomore president, and ASB vice-president in her underclass years before serving as ASB president her senior year. She was also involved in all of the girl organizations on campus, track and Pep Club, as well as being selected a member of the homecoming court. Though finding little time to study, Virginia still maintained a 2.85 grade point average.

The modest Ryono has been equally prominent in other areas. Gifted in art, he utilized his talents as editor in chief of Tradewinds and Prism, and in doing any and all requested work for other campus publications such as the "Matterings" and the Wintermmer. A true whiz in class, Keith received only one "B" at Mayfair, his grade point average standing at an astonishing 3.98.

Both seniors have always been where they were needed when they were needed, ready to do whatever job was necessary. It is for this reason that they are being honored.

through service, study

The recipients of the 2018 Outstanding Student Award are Marianne Leong and Gary Meek. Both have compiled a perfect 4.0 grade point average throughout their four years at Mayfair.

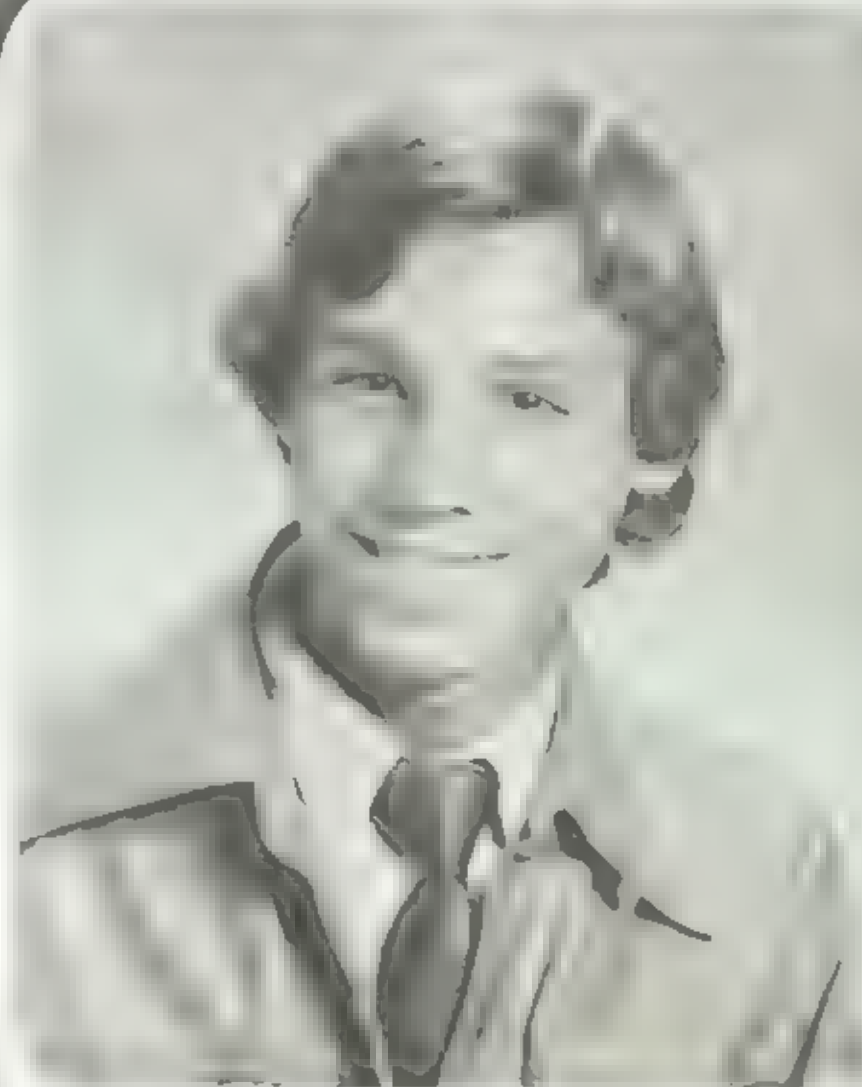

In addition to running her own horse and pony store, Marianne served as president of both NHS and Chess Club, as well as being a member of the Marl Club. Like Gary, she's active in various explorer posts.

Marianne plans to continue her schooling at UCLA where she hopes to earn her degree in medicine.

Curry has spent much of his time with the numerous clubs with which he has been involved. These include Key Club, Cross Country NHS where he served as vice president, and March Club in which he was president. He has also been busy off campus taking calculus and physics courses at Cornell College and being active in several medical and aerospace explorer posts.

Gary plans to go on to either UCLA or Cal Tech to further his education and hopes to eventually become a bio physicist.

Diederich, Johnson named

The coaches of Mayfair have chosen cross country and track star TOM DIEDERICH as the 1978-79 **BOY ATHLETE OF THE YEAR**.

Tom earned three varsity letters in each of the two sports and served as team captain of both his final two years. The epitome of distance running, he was named MVP of cross-country two consecutive years. His career highlights were his first place finishes in the El Dorado 2-mile relay and in the Costa Mesa Invitational.

Tom will always be remembered at Mayfair as a hard working, dedicated athlete who never settled for second place.

Athletes of Year 1979

Perhaps one of the greatest honors given to girl athletes at this school is the Athletic Department GIRL ATHLETE OF THE YEAR award. This year the award has been bestowed upon JACKIE JOHNSON, because of her outstanding athletic abilities and her undying enthusiasm for those sports in which she has participated.

"These sports" seem to include every sport offered to girls by Mayfair. During Jackie's freshman and sophomore years she was a member of the varsity tennis team and was named 1st Doubles player for her excellence during her freshman year.

For the past three years, Jackie has devoted her energy to softball, basketball and volleyball. She was a member of the varsity volleyball team for the past two years and a member of the varsity basketball and softball teams for the past three years. Jackie was the captain of the volleyball team in her senior year and was also named Best Defensive Player for that year. Jackie was also named Most Valuable Player for softball in her sophomore year.

Jackie's contributions to sports here at Mayfair will long be remembered and will serve as an example to those students still attending Mayfair.

Brazilain AFS exchange student Suzie Ma lights up the Mayfair campus with her smile

When I first applied for AFS exchange program, my friends asked my why I would rather waste one year of my college years and go back to high school. I told them that the things I will experience here will be worth much more than what I would receive in university. Indeed, I was right. Here I had the chance to do many things which are not feasible to do if I had stayed at home.

Of course, I have to admit that going back to high school after having taken classes in college is quite dull and boring, especially when I acknowledge the fact that the credits will do me no good at all; I can not use them. But the warmth of people here at Mayfair diminished the dullness. I was always treated with patience and understanding by everyone.

All I can say now is that this exchange program really increased both my mental and, unfortunately, physical capacity. I really learned a lot of American society and culture, including the sinful discovery of the sinfully delicious junk food containing enough preservatives and additives to make one omit any additional embalmment after death in order to keep his body from surface deterioration.

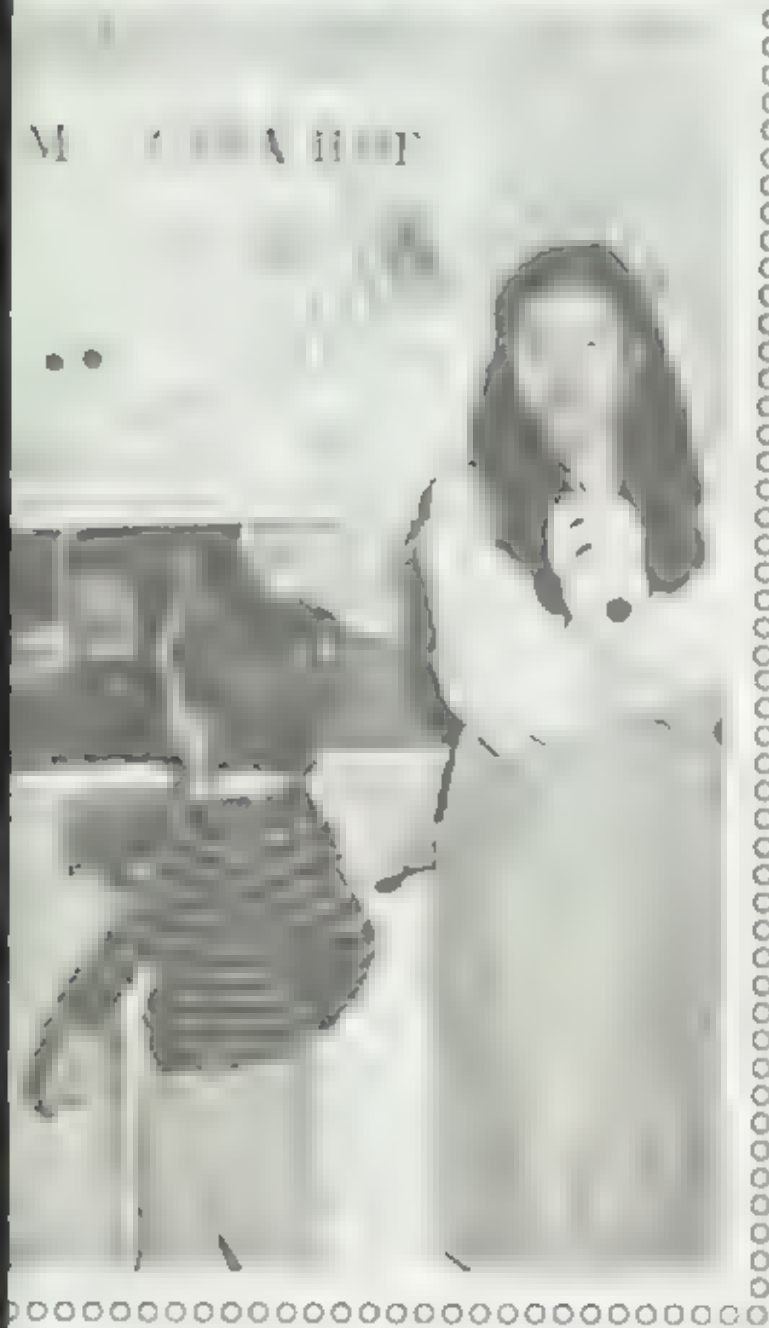

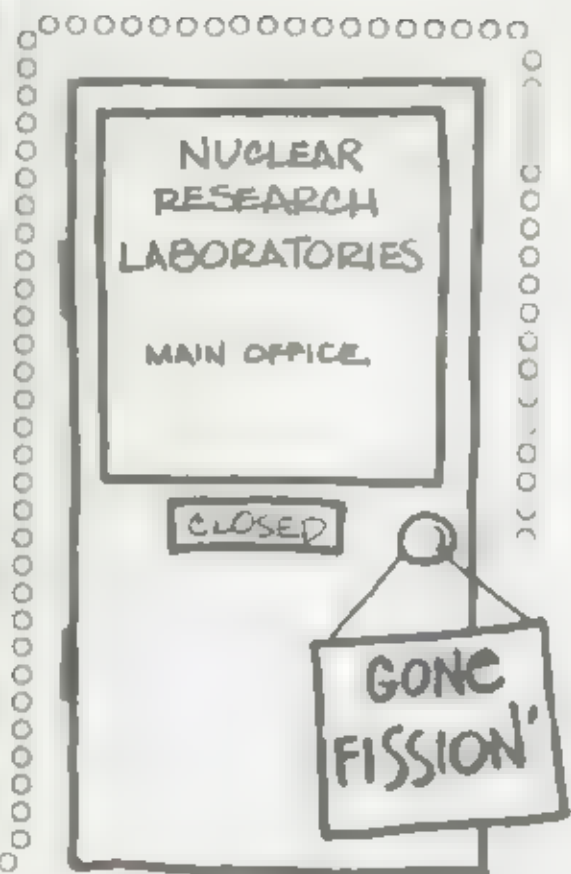

Nevertheless, I value everything I have learned here, and I wish I could have learned more.

The last thing I want to say is thank you to all of you who enhanced the excitement of my stay and made it more enjoyable.

We Could Not Have Done It Without You!

It seems as though most people in our country have the unique ability to join forces in order to fight or support a common goal. Proposition 13, the world wars, and even the production of the 1979 Tradewinds, are all examples of this.

We on the Annual Staff would like to thank all of our contributors. We hope that we can continue to work together in the future towards the improvement of activities at Mayfair.

NANO-NANO!

Seniors

As you leave Mayfair and I return to teaching, we have all been enriched by our last four years. Fortunate are those of you who have acquired self-discipline, for you have learned to distinguish between long and short term goals. You have the important trait of questioning rather than accepting. Maintain this trait, and use it well. A Monsoon, remember, is a force which has the strength to go where it wishes but knows when to flow around a mountain. To quote Obi-Wan Kenobi, "May the force be with you always." You are special people

The Class

It has been a joy and a privilege to have been a part of your lives this past four years. We have shared some sad and many happy times. Thank you for your senses of humor, your patience and your kindness.

May all the blessings of a richly rewarding life be yours.

Sincerely,

Norma Koch

Many factors were involved in the creation of the 1979 Tradewinds. The people involved, the dedication displayed by each person, and the time and effort put into producing this annual were just some of them. I would personally like to thank these people who have contributed their all to make this yearbook possible

Spokane,
I have been in the city of a
few days and have seen a
great deal of the city and
the people. The city is very
pleasant and the people are
very friendly. I have seen

Spots,

It was really
great getting to know
you this year but

to find you are

leaving for a year

and I'll see

you again during the

summer. It was really fun

to meet you.

I'll see you again but to

lunch with Tim & the others. It seems

like everybody's going to a different

school next year (at least all my friends

are). Oh well! See you later.

Yours & always

We had some really fun times
your going to give me your new
phone number arnt you? your
the best friend ive had at
this school. I'm going to miss
you most of all. next year
its not going to be the same.
I'll never forget you & hope
you'll never forget me. When
you come down here this summer
be sure to come visit me. and
we can go somewhere. You better
call me if not anything else.
your a real sweet girl whose
fun to be around, and we
get along perfect. except when
your stoned any then I'm
~~always~~ ^{ways} yelling at you. I'm
sorry if I ever did anything
to make you mad or hurt your
feelings.

I'll always remember
you

 this won't
 be as long as
 the move I
 wrote in Pat's
 so don't hype out
 like she did. Anyway, to
 let me glad we were able to go
 ride in the same car to your
 school. I know you loved to sit
 on all those days just at one
 new school next to me and a real my blue
 phone number. I hope you have a blonde hair
 eye'd boy. On well, anyway. Good luck next year
